

Year 5 had lots of fun and educational visitors in last half term.

Oasis

Oasis taught us all about energy, how its produced, how we can reduce our carbon footprint in school and at home.

Bishop Barrington

Mr Johnston, a PE teacher, came and taught us all about our body and how it works during exercise. We had to do lots of different exercises and afterwards measure our heart rates and breathing.

Education Enterprise

Over the last 5 weeks we have been learning how to plan, prepare and lead games for children in KS1 to help us become better citizens.
